Is Disease a Crime?

Not very long ago, a popular magazine published an editorial article in which the writer asserted, in substance, that all disease should be regarded as criminal. Certain it is, that much of the sickness and suffering of mankind is due to the violation of certain of Nature's laws. But to say that all sickness should be regarded as criminal, must appeal to every reasonable individual as radically wrong.

It would be harsh, unsympathetic, cruel, yes criminal, to condemn the poor, weak, over-worked housewife who sinks under the heavy load of household cares and burdens, and suffers from weaknesses, various displacements of pelvic organs and other derangements peculiar to her sex.

Frequent bearing of children, with its exacting demands upon the system, coupled with the care, worry and labor of rearing a large family, is often the cause of weaknesses, derangements and debility which are aggravated by the many household cares, and the hard, and never-ending work which the mother is called upon to perform. Dr. Pierce, the maker of that world-famed remedy for woman's peculiar weaknesses and ills—Dr. Pierce's Favorite Prescription—says that one of the greatest obstacles to the cure of this class of maladies is the fact that the poor, over-worked housewife can not get the needed rest from her many household cares and labor to enable her to secure from the use of his "Prescription" its full benefits. It is a matter of frequent experience, he says, in his extensive practice in these cases, to meet with those in which his treatment fails by reason of the patient's inability to abstain from hard work long enough to be cured. With those suffering from prolapsus, anteversion and retroversion of the uterus or other displacement of the womanly organs, it is very necessary that, in addition to taking his "Favorite Prescription" they abstain from being very much, or for long periods, on their feet. All heavy lifting or straining of any kind should also be avoided. As much out-door air as possible, with moderate, light exercise is also very important. Let the patient observe these rules and the "Favorite Prescription" will do the rest.

Dr. Pierce's Medical Adviser is sent *free* on receipt of stamps to pay expense of mailing *only*. Send to Dr. R. V. Pierce, Buffalo, N. Y., 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound.

If sick consult the Doctor, free of charge by letter. All such communications are held sacredly confidential.

Dr. Pierce's Pleasant Pellets invigorate and regulate stomach, liver and bowels.

THE POWER OF STEAM.

Many May See But It Takes Genius to Realize.

When James Watt saw the steam causing the kettle lid to jump up and down he said "There must be power in that steam that it can lift such a weight."

There was.

Millions prior to him had seen the same phenomenon and regarded it as an unexplained mystery.

Recent scientific research has put its finger on the "cause" of Dandruff, Falling Hair, and consequent Baldness, and has unearthed a tiny germ which eats the life from the roots of human hair.

Newbro's Herpicide destroys this germ and consequently restores the hair to its natural state.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Willoughby Beach Bombarded.

A dispatch from Norfolk says that the residents of Willoughby Beach were thrown into a panic yesterday morning by the falling of 5½ inche projectiles in that vicinity. The shells were presumably fired by mistake from the big guns at Fortress Monroe. The firing of the shells jarred the cottages at the beach. A force of men on a freight train near the beach reported that they were forced to abandon their train and hide behind a convenient sand hill to prevent being struck.

Several of the shells have been found. One of them came very near striking the J. B. Porter cottage, and after it had struck on the sand rolled under the cottage. Another struck in Twelfth street and another in Tenth street, and one came near striking the A. P. Warrington cottage. The residents of the beach are much incensed. They declare that their lives and property were greatly endangered.

Miss Adele Smith, talking from the Porter cottage yesterday afternoon, said that one of the shells struck a sailboat off Willoughby Spit, turning it completely around. Another struck on Willoughby Spit and was later picked up. The shells are ten and a half inches long and three and a half inches across.

Why the guns were allowed to be fired in the direction of the beach is not known. The officers at the fort have not yet made any explanation of the matter. There is scarcely any doubt, however, that the guns were trained in the wrong direction through error. The guns are used regularly at the fort for shooting at targets out in the water.

Drowned His Wife.

Charged with the murder of his wife and having made a complete confession of his crime to the police, Wm. Brasch, of Rochester, N, Y., was arrested in Cleveland yesterday. With Brasch there was arrested Mrs. Mary Gilmore, with whom he is alleged to have eloped.

The body of Brasch's wife was found in the canal at Rochester last Tuesday, and suspicion was at once turned to her husband, who disappeared. Brasch confessed the murder to the police, the latter say, and told them that he killed his wife because of love for the Gilmore woman. The latter is a widow, about 23 years old.

Brasch told the police how he had lured his wife to the bank of the Erie canal and hurled her in. He said his courage failed three or four times but finally he nerved himself and struck the woman a violent blow in the back with his fist. "When I heard the splash I ran away," he said.

Brasch is said to have voluntarily confessed the crime to Chief Kohler, of the Cleveland police.

"Yes, I am Wm. Brasch," he said, "I know what you want me for. I killed her because I loved Mary Gilmore. It seems to me I have always loved her. I didn't want to marry Roxanna, but I was forced into it, so I killed her. It was the only way I could get rid of her."

The three-year-old daughter of Brasch was with the couple when they were arrested in a rooming-house.

Will Support Bryan.

Representative George F. Burgess, of Texas, a close friend of Senator Bailey and presumably speaking for him, yesterday declared that Senator Bailey would not be a candidate for the democratic presidential nomination in 1908, but would support the candidacy of William Jennings Bryan. In a formal interview he says:

"Senator Bailey has never believed that the nomination of any southern man in 1908 would be wise, and he has continually refused his indorsement to any such move in his interest. He and all of us, so far as I know, are of opinion that political conditions point to the nomination of Mr. Bryan as the logical candidate in 1908. It can be assumed without question that Senator Bailey and his friends are in hearty sympathy with Bryan's nomination, and I have not the slightest doubt that the coming State convention in Texas will adopt a ringing platform and unanimously suggest the nomination of Mr. Bryan in 1908."

A Miraculous Cure.

The following statement, by H. M. Adams and wife, Henrietta, Pa., will interest parents and others. "A miraculous cure has taken place in our home. Our child had eczema 5 years and was pronounced incurable, when we read about Electric Bitters, and concluded to try it. Before the second bottle was all taken we noticed a change for the better, and after taking 7 bottles he was completely cured." It's the up-to-date blood medicine and body building tonic. Guaranteed. 50c and $1.00 at E. S. Leadbeater & Sons' drug store.

Dispensation from Abstinence.

Chancellor Gavan, at the Baltimore Cathedral, gave out the following statement from Cardinal Gibbons last night.

"The Cardinal has received notification from Rome, through the apostolic delegation, that the Holy Father has granted a dispensation from abstinence for Friday, June 29, the Feast of Saints Peter and Paul."

This dispensatiou is granted because this year the feast day of Saints Peter and Paul falls on Friday. These two greatest apostles planted the church of Rome, and this is a feast day of the first class. The day is celebrated in Rome with great magnificence, and the services in St. Peter's are most elaborate.

It is very unusual for a dispensation to eat meat on Friday to be granted, as all Fridays in the year are strictly observed as days of abstinence, unless Christmas Day falls on a Friday, then the day previous is one of abstinence.

Labor Leaders and Congressmen.

Anent the report that anonymous circulars had been sent out from Washington to various labor unions listing the members of Congress friendly to labor organizations, comes the announcement that the labor unions have indorsed the action of the American Federation of Labor in its movement to find out the standing of the members of Congress on labor problems. It is stated that at the proper time questions will be submitted to the Virginia Congressmen for the purpose of ascertaining their attitude on this question. A committee will be appointed to consider their replies, and this committee will advise the labor organizations how they shall vote. It is said to be the intention of the labor people to vote for those men who will help them, and not be governed entirely by party. It is understood that the Virginia Congressmen listed as favoring labor are Messrs. Jones, Slemp, Maynard, Glass and Hay.

The many imitations of DeWitt's Witch Hazel Salve that are now before the public prove it the best. Ask for DeWitt's. Good for burns, scalds, chaffed skin, eczema, tetter, cuts, bruises, boils and piles. Sold by W. F. Creighton & Co., 401 King street.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

SATURDAY EVENING, JUNE 23, 1906.

ONE of the strangest sensations that can be felt by man is that sudden startling consciousness on beholding some new scene that is not really new, that in some other state of being he has known it well and has been an actor therein. These "flashes of reminiscence" have been the theme of philosophers, poets, mystics and story tellers, and the study of their manifestations is always fascinating. The Rev. Forbes Phillips offers in "The Nineteenth Century" some curious anecdotes of these glimpses of what has often been thought to be pre-existence. One of these anecdotes—which may have given to Mr. Kipling a hint for a certain story—has for its scene the ruins of a Roman fortress which rise not far from Mr. Phillips's home. A clergyman called upon him one day and asked him to accompany him there for an examination of the ruins. "He told me he had a distinct recollection of living there and that he held some office of a priestly nature in the days of the Roman occupation. One fact struck me as significant. He insisted on examining a ruined tower which had bodily overturned. 'There used to be a socket in the top of it,' he went on, 'in which we used to plant a mast, and archers used to be hauled to the top in a basket protected with leather from which they picked off the leaders among the ancient Gorlestonians.' We found the socket he had indicated." How may these flashes of recognition which have visited so many human beings be explained? Mr. Phillips believes that the true explanation lies not in any theory of pre-existence, but in "ancestral memory"—an inheritance of "the records of an ancestor's past life, which require but the essential adjustment and conditions to give up their secrets." He thinks that dreaming is largely a free play of this ancestral memory. He develops his hypothesis with arguments which are as interesting as they are undoubtedly reasonable.

AS WAS stated in the Gazette, both Houses of Congress yesterday adopted a resolution declaring "that the people of the United States are horrified by reports of the massacre of Hebrews in Russia on account of their race and religion and that those bereaved have the hearty sympathy of the people of this country, This action is calculated to give offense to Russia, as that country on a previous occasion notified the world that it was able to take care of its own internal affairs. It seems, however, that it is not, and while other nations can do no more than stand as spectators to the horrors that are reported in the Czar's realms, it is but natural that they express themselves in protests against the slaughters reported daily from Russia. The fact that Israelites form a large percentage of the inhabitants of the civilized world is sufficient cause for such procedures. There is not a city, town or hamlet on the globe in which members of the race are not found, and when semitic outrages occur in any nation it is likely to cause a universal protest. The reproduction of scenes enacted during and preceding the days of the Cæsars is a blot upon the civilization of the twentieth century. Neither the Czar nor his cabinet can be blamed for the butcheries reported, as such is the work of fiendish people who delight in the shedding of blood and the looting of their fellow creatures. Those who engage in such atrocities have examples in history of terrible judgments which have overtaken those who have played such parts in past ages. Egypt, Babylon and other nations have long since suffered the vengeance of heaven for crimes similar to those now said to be enacted in Russia, and the United States may rest assured that it is not called upon to take action in the matter.

THE POLICE of Petersburg are endeavoring to enforce the vagrant act, and with this end in view have arrested several white and colored men who have no visible means of support and who are likely to become public burdens. It is a well-known fact that no little difficulty is experience by the authorities in determining what constitutes vagrancy, and often worthless people escape the meshes of the law on technicalities. Attempts, however, to enforce he law should be made, and idle and impecunious able-bodied men in every community should be made to show their means of support. A few days ago an advertisement appeared in a Washington paper offering $1.50 per day for all laborers that could be procured, and on several occasions contractors have appeared in Alexandria and endeavored to procure several hundred men at the same figures. This is a busy era, when all classes can find something to do, and there is no excuse for any able-bodied person to loiter the hours away watching other people who are honestly fulfilling their mission in life. It is hoped that the example set by the authorities in Petersburg will be followed in other cities of the Old Dominion, and that all suspicious characters, sojourners or native and to the manner-born, be made to show on whose labor they exist.

ACCORDING to the Shaw theory the tariff cannot be revised with safety to the republican party before an election—that is at the long session of Congress. As there is no time to consider and pass a tariff bill at the short session after the elections are over, why of course there is to be no revision of the tariff at all, and that is just what Secretary Shaw and the other standpatters want.

THE Episcopal convention of the diocese of Delaware has undertaken to end bribery in that State. It will be necessary to defeat the republican party to accomplish that wholesome purpose.

From Washington.

[Correspondence of the Alexandria Gazette.]
Washington, June 23.

The nomination of Mr. Clarence R. Slocum, of New York, a son of the late General Slocum, and at present U. S. Consul to Weimar, Germany, to be first United States Consul General at Boma, Congo Free State, was sent to the Senate today by the President. The appointment of Mr. Slocum to this very important position will be, it is thought, somewhat of a blow to the missionary interests, which have been endeavoring to obtain the position for one of their number. It was thought best, however, by the State Department to give the position to a man already in the service, who would not be influenced in any way in making reports on the conditions as he finds them in the Congo Free State. No instructions whatever will be issued to Mr. Slocum to investigate conditions in the Congo Free State, but it is tacitly understood that he will send the State Department, from time to time, full and complete information relative to the alleged atrocities, the existence of which is denied by the government of King Leopold at Belgium.

Several Senators and Members of Congress who called at the White House today predicted that congressional adjournment would be reached by Thursday or Friday of next week, unless Senator McCumber's "Scotch stubbornness" prevented. "McCumber is one of the conferees on the pure food bill," said one of the callers, "and he may take it into his head to block things for a week. We just cannot get through unless he is agreeable to the proposition." Representative Grosvenor, of Ohio, who had a talk with the President, said that he did not think the House would pass a resolution setting an adjournment day until about three days before the day itself. "If we were to pass that resolution on Monday," said Gen. Grosvenor, "a whole lot of bills would be allowed to slide through under suspension of the rules, and that is exactly what we do not want to have happen. It has been the custom for many years to provide for a suspension of the rules for six days before the date decided upon for adjournment"

President Roosevelt's latest order for an octopus hunt by the Department of Justice is not confined to the Standard Oil Company. Attorney General Moody is instructed also to go after the railroads. He will play no favorites. Whereever he can obtain proof of the railroads granting rebates to the Standard Oil Company, or to any other concern, he will bring suit. Some time ago the various district attorneys were directed to scout around for evidence along these lines. Not only will prosecutions be made under the Elkins act, which would merely assess a fine on the offenders, but under the anti-conspiracy statutes, which carry a jail sentence. Attorney General Moody, who some time ago announced his determination to retire to private life this summer, will remain at the helm on the earnest solicitation of the President, who believes that the success that has attended his recent efforts in the courts against other trusts augurs a satisfactory outcome in the present campaign. An indication of the scope of the work may be had from the Garfield oil report. In that document the following railroads are named as having granted secret discriminations to the Standard Oil Company. The Pennsylvania, the New York Central, the Chicago and Eastern Illinois, the Rutland, the Central Vermont, the New York, New Haven and Hartford, the Southern, the Chicago, Burlington & Quincy, the Chicago and Alton, the Missouri Pacific, and the Southern Pacific. If the evidence procured by Commissioner Garfield and the agents of the Department of Justice against these roads is what it purports to be, not only will the roads be prosecuted under the interstate commerce law, but the officials of the roads stand the chance of going to jail on the charge of conspiracy to violate a federal law. The President has placed no limitations upon Mr. Moody in the matter of prosecutions. Should he have evidence that the President of the Standard Oil Company was a party to the secret agreements with the railroads, whereby the Standard was enabled to crush out competition, he would make John D. Rockefeller himself one of the defendants.

One of the officials of the administration, connected with the trust prosecutions, when asked today whether he expected to land John D. Rockefeller, or any of the presidents of the railway companies under his new trust prosecutions, he hesitated a moment, then replied: "I hardly think so. About the best we can do is to get the traffic managers, the men directly concerned in the granting and receiving of rebates. It would not be worth while to go after the clerks, and we could scarcely make out a case against the heads of the concerns involved, so we shall strike about half way up."

The Interstate Commerce Commission will hold a hearing in New Orleans on Thursday, June 28, to take further testimony in regard to the relation of railroads to the oil industry. Attorney John T. Marchand is now in the South gathering facts to be laid before the commission. The hearing will last only one day and will probably be limited to a question of rates.

Bids were opened at the Navy Department today for the construction of the two first class battleships Michigan and South Carolina. They were submitted under two classes, the first class on the department's plans and specifications for hull and machinery, and the second class on the department's plans and specification for the hull and bidders' plans for the machinery, preference being given to the turbine type. It is probable that the Navy Department will achieve the two lowest bids submitted under class 1. They were by the Wm. Cramp & Son Ship and Engine Building Company, of Philadelphia which offered to build one of the vessels in 41 months, for $3,540,000 and by the New York Ship Building Company, of Camden, N. J., which offered to build one of the vessels in 40 months for $3,585,000. The New York Shipbuilding Company made two bids under class 2, both of which purpose to equip the vessels with the Parsons turbine engine, the difference in the bids being on the weight of the machinery. These bids were, one ship in 42 months for $3,900,000 and one ship in forty-two months for $3,850,000. The Newport News Ship Building Company, of Newport News, Va., bid on class 1, for one vessel in forty-two months, $3,673,000; class 2, two bids, with Curtis turbine engines, one vessel in forty-two months for $3,813,000, or one vessel in forty-two months for $3,963,000, the difference being on weight or one vessel in 42 months, $3,753,000 or one vessel in forty-two months $3,713,000 The Fore River Ship Building Company, of Quincy, Mass., made 5 different bids under class 2, each bid on the Curtis turbine engine, and varying from $3,945,000 to $3,689,000, according to weight. The Union Iron Works of San Francisco offered to build 1 vessel under class 1, in 42 months for $4,250,000. Cramps' bid under class 2, on the Parsons turbine, was $4,100,000.

An agreement has been reached by a majority of the railroad conferees on all questions that have been in dispute, but Senator Tillman refuses to agree to that amendment which will permit owners of pipe lines to transport their own oil product. The others, therefore, this afternoon signed the report anyway. It will be presented to the House Monday and considered Tuesday. On the following day it will be presented to the Senate when Tillman will make a speech against the pipe line agreement.

Ex-Governor William R. Merriam, formerly Director of the Census Bureau, called at the White House this morning. Since leaving office Gov. Merriam has become a pessimistic republican. "I see that Washburn predicts the election of Bryan," said Gov. Merriam. "Washburn is a pretty good judge of politics, so what he says ought to carry some weight."

After deliberating two hours and twenty minutes this afternoon, the jury in the case of Ex-State Senator Green, of New York, and Willard Doremus, of Washington, indicted for bribery and conspiracy in the postoffice department scandal, returned a verdict of not guilty as to both defendants.

News of the Day.

Two earthquake shocks occurred early yesterday morning at Santiago, Cuba. The shocks caused much damage to property and a panic among the residents.

Enough of the five county conventions in Iowa today will instruct for Gov. Cummins to insure his renomination for governor and defeat former Congressman George D. Perkins, according to conservative estimates.

An investigation of the report from New Orleans to the effect that Sagua La Grande, Santa Clara province, has been burned, shows that the town recently had two fires. In one case the railroad station was destroyed and in the other four stores were burned.

Senator Tillman, of South Carolina, in an address at York, Pa., last night, struck out in all directions, touching in his characteristic way on the rottenness of Pennsylvania politics, the rate question, the danger of the influx of foreigners into the United States, and the expansion question. He charged the condition of Pennsylvania politics to the neglect and ignorance of the voters.

The Senate late yesterday afternoon resumed consideration and passed the sundry civil appropriation bill. The House bill appropriating $25,000 to defray the President's traveling expenses was passed by the Senate after Mr. Hale had withdrawn a provision for the same purpose from the sundry civil bill. All of yesterday was devoted in the House to a consideration of the pure-food bill.

During the hailstorm in Clark and Oconee counties, Ga., a day or two ago, great damage was done. In some places the hail fell to a level of fourteen inches. Pine trees for miles were stripped of their foliage. In Clark county the storm was about a mile wide and seven miles long. In Oconee it was two miles wide and ten miles long. Corn, cotton and other crops in the path of the storm were totally destroyed.

Dr. Sidney O. Heiskell, assistant commissioner of health and quarantine physician for the port of Baltimore, was stricken with apoplexy while seated on the lawn in front of his home, at the quarantine station, at 6:30 o'clock last night and died in less than five minutes. He would have been 54 years old next January. Dr. Heiskell was a brother of the late Monroe Heiskell, at one time a candidate for mayor of Baltimore, who died recently in New York.

The constitutional democrats in the Russian Douma yesterday offered a resolution declaring the House, seeing in the prevalent excesses proof of the inspiration and evident participation of the local authorities and of failure on the part of the minister of the interior to grasp the real cause of the trouble, namely, the continuance of the old regime, finds that only a minister responsible before the people can stop the outrages, and therefore again demands the instant resignation of the present ministry. The resolution of the constitutional democrats was adopted by an overwhelming majority.

The Senate yesterday passed the bill authorizing the acquisition of lands in the Appalachian range and the White Mountains for forest reserve purposes. The bill authorizes the Secretary of Agriculture to procure lands for this purpose within the States of Maryland, West Virginia, Virginia, North Carolina, South Carolina, Georgia, Alabama and Tennessee, in Appalachian Mountains, and in New Hampshire in the White Mountains. He is also authorized to accept donations of lands for forest reserve purposes. The bill carries an appropriation of $3,000,000, which is made immediately available.

Police Commissary Shot.

St. Petersburg, June 23.—The police commissary was shot and mortally wounded last night in the industrial quarter by a man who awaited his arrival. The would be assassin, whose name has not been made public, is under arrest. The weapon used was a revover.

Virginia News.

Norfolk grain men have taken steps to investigate the action of London and Liverpool associations in excluding No. 2 corn shipped from Norfolk to English ports.

The steamship "Majestic," bearing ex-Governor A. J. Montague and two other Pan-American commissioners, arrived safely at the Liverpool docks last Wednesday. The party of commissioners are to sail from Southampton June 29th, direct for Rio de Janeiro, in company with Secretary Root.

Gov. Swanson will be one of the speakers at the unveiling of the monument to the memory of the Confederate soldiers of Caroline county at Bowling Green on July 25. The memorial hall built by the Caroline Chapter Daughters of the Confederacy, at Croxton, in Caroline county, has been completed.

Miss Ada Newman, of Baltimore, who has been spending the summer near Linden, Warren county yesterday was thrown from a horse and dragged over a road for about half a mile, and seriously injured. Her body was terribly lacerated and almost the entire scalp was torn from her head. She is not expected to recover.

In attempting to ford Isaacs creek, Frederick county, Thursday night, Dr. Frank T. Pine and wife, of Gainsboro, were thrown into the raging torrent and narrowly escaped being drowned. Their horse was swept from its feet and the buggy tossed by the swollen current. Dr. Pine seized his wife and swam with her to the shore, and afterwards succeeded in rescuing the horse.

An operation performed upon Colonel George C. Cabell, sr., of Danville, in the Union Protestant Infirmary, in Baltimore Thursday, for a trouble supposed to be far less serious, developed the fact that the patient is suffering from an incurable internal cancer, and that he can live but a short while longer. Colonel Cabell, who is now 69 years old is of the old Cabell family of Virginia, and for twelve years represented the Fifth Virginia district in Congress.

The Rate Bill.

The conferees on the railroad rate bill reached an agreement on all disputed points yesterday. The report has been signed by the three managers on the part of the House—Messrs. Hepburn, Sherman, and Richardson—and by Senator Elkins, on the part of the Senate. Senator Cullom, it is understood, will sign the report today.

Senator Tillman objects to one feature of the settlement.—The compromise proposition which would apply the McLaurin commodity amendment to railroads only, instead of to common carriers, so far as it is prohibits them from carrying commodities which they produce. By this arrangement the amendment making pipe lines common carriers is not affected.

What is regarded as an important amendment, which was agreed to at yesterday's conference, was the striking out of the word "wilfully" in the provision which forbids the granting of or accepting of rebates. The word "knowingly" was left in the provision. The effect is that a person must simply "knowingly" offer or receive a rebate, it not being necessary to prove that the act was "wilfully" done.

The disputed points for discussion yesterday included the sleeping-car question. It was agreed at the morning seision yesterday that sleeping cars should be included in the bill as common carrier and subjects to regulation as such. The second disputed point was as to the five days' notice to be given before issuing an injunction enforcing an order of the commission. The Senate amendment requiring this notice was accepted by the conferees. It was also agreed that no exception be made for lumber in the commodity amendment.

Teachers' Examination.

The State Board of Examiners, at their recent meeting in Richmond, tabulated the result of the uniform examination of the public school teachers held in May. Notwithstanding the fact that the examination was by no means a difficult one and the papers were graded with great leniency, the result was anything but gratifying. There were about seventeen hundred teachers in the State who took the examination; of this number a large majority failed to get any certificate at all, while scarcely a dozon out of the seventeen hundred received a first-grade certificate. No teacher was caused to fail on account of the examination on drawing. In view of this showing, it seems that some of the teachers of the State will have to do some studying in order to be prepared for the next examination. The State Board has wisely provided that at the summer schools this summer the examinations may be divided; teachers will be permitted to take the examination on a part of the course this year and a part next year. There will be other examinations on the 30th and 31st of July and 1st of August.

COURT OF APPEALS.

The following were the proceedings of the Court of Appeals at Witheville yesterday: Crane's Nest Coal and Coke Company vs. Virginia Iron, Coal and Coke Company; argued and submitted.

Green et als. vs. Pennington. Partly argued and continued.

Next cases to be called: Virginia and Southwestern Railway Company vs. Hill, Larkey vs. Gardner, Jackson et als. vs. Court's committee, and Jackson et al. vs. Anderson.

An appeal has been refused in the case of Elliottt vs. Quinley, from the Circuit Court of Lee county.

Judge Cardwell was absent from the bench yesterday presiding over a large class of applicants for license to practice law.

Deafness Cannot be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and useless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give you One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure, Send for circulars free. F. J. CHENEY & CO., Toledo, O. Sold by Druggies, 75c.

Today's Telegraphic News

Chloroformed by Robbers.

Cincinnati, June 23.—When Brakeman Orr, of the Chesapeake & Ohio road, entered the station at Brent, Ky., early this morning, while his train was on a siding near by, he was startled to see the operator, L. E. Lawell, lying on the floor. The prostrate man's hands and feet were bound and a handkerchief tied over his mouth. Orr at once released Lawell, who was unconscious from the effects of chloroform. After being revived, Lawell said that shortly after midnight, while he was alone in the office, two men entered. One covered him with a revolver, while the other held a bottle containing chloroform under his nose. That is all he remembers until revived. An examination showed that all his month's salary and part of last month's which he had with him were gone. The postoffice is in the same building and Orr found the office had been forced open and the contents scattered over the floor. Every desk in the place had been rifled. Just how much was taken is not known, but the amount is thought to be considerable. Word of the affair was at once sent to the police of this city, Covington and Newport, and the postoffice authorities were also notified.

American and Foreign Laborers Fight

Clarksburg, W. Va., June 23.—War has broken out in the lumber camps at Tioga, on the Cranberry river, between American and foreign laborers. The trouble originated Thursday over the displacement of Americans by foreigners in good positions. When the Americans were ousted, they resorted to their firearms and a pitched battle was fought between the factions which resulted in the death of one foreigner and the fatal wounding of another. Several were slightly hurt. The news spread through the mountain regions. Camden learned it first, and having had similar experiences with the foreign element American men armed with rifles started across the mountains to aid the Americans. The foreigners had pickets watching, and, sighting the advance of the armed men, gave the alarm and all fled to Richwood, forty miles away, for safety. The Camden men arrived late yesterday afternoon and offered their services, but as the foreigners were gone no disturbance occurred. The Americans declare they will not permit the foreigners to return to work. The mill owners aver they will discharge every man who interferes and fill his place with a foreigner. More trouble is expected.

The Longworths in Germany.

Kiel, Germany, June 23.—Mr. and Mrs. Nicholas Longworth have arrived in this city and will stay until the conclusion of the regatta at the end of next week. During their visit here they will associate almost continuously with Kaiser William. The emperor has announced his intention of being especially attentive to the distinguished American visitors. They will be his guests on board the imperial steam yacht at luncheon and dinner on several occasions. The Kaiser has also extended an invitation to them to be his guests on board his sailing yacht Meteor in the races and the invitation has been accepted. Following the example set by the Emperor, all the notables in attendance at the regatta are paying homage to Mrs. Longworth.

Burning of a Grain Elevator.

Chicago, June 23.—The grain elevator at Wood street and Archer avenue, owned by A. F. Templeton, caught fire early this morning and up to this time the flames had caused damage to the extent of $260,000. Thirty frame cottages in the neighborhood of the elevator caught fire frequently and firemen are exerting their efforts to save these workingmen's homes.

A later dispatch says fire was under control at nine o'clock, this morning. The loss on the building and contents is $400,000,

Announces His Candidacy.

Frankfort, Ky., June 23.—Governor Beckham has issued the formal announcement of his candidacy for the United States Senator to succeed the incumbent, James B. McCreary. The latter has made no authorized announcement of his candidacy, but it is supposed he will announce himself within the next week. Governor Beckham makes his announcement in a long letter to the democrats of Kentucky. He prays for consideration at the State primaries. He wants the voters to be their own slate makers.

White Sentenced.

Baltimore, June 23.—"Doctor" Thomas White, alias Theodore White charged with using the mails to defraud, by his attorneys Hays and Leach, withdrew the motion for a new trial this morning. He was at once sentenced to three years in the penitentiary, and the payment of a $1,500 fine by Judge Morris, in the United States District Court.

The Kinnan Murder.

New York, June 23.—After two days of investigation, during which time a number of witnesses were examined by Coroner McDonald, the police are as much at sea as ever in their efforts to lift the veil of mystery surrounding the death of Mrs. Alice Kinnan, who was murdered on the porch of the Stenton mansion, in the Bronx, several days ago.

Killed by Shifting Engine.

Steubenville, O., June 23.—Fourteen laborers sought shelter from the rain under a car on a siding at the Labelle Iron Works at 2 o'clock this morning. Two of the men were killed and one was injured by a shifting engine, the crew not knowing the men were there.

Died of Fear on Operating Table.

Cleveland, O., June 23.—While lying on an operating table at the office of Dr. Arthur Winter yesterday and before the physicians had performed an operation, Louis Gans died without a moment's warning. It is believed that his death was due to fear of the operation or to fear of the effects of an anaesthetic. Gans had been suffering from a felon on one of his fingers and was going to have it removed. Otherwise he appeared in good health. He was 40 years old, and was janitor of the Bellevue flats at Case and Woodland avenues.

A Western Wonder

There's a Hill at Bowie, Tex., that's twice as big as last year. This wonder is W. L. Hill, who from a weight of 90 pounds has grown to over 180. He says: "I suffered with a terrible cough, and doctors gave me up to die of Consumption. I was reduced to 90 pounds, when I began taking Dr. King's New Discovery for Consumption, Coughs and Colds. Now, after taking 12 bottles, I have more than doubled in weight and am completely cured." Only sure Cough and Cold cure. Guaranteed by E. S. Leadbeater & Sons', Druggists. 50c and $1.00. Vice in Chewing-Gum.

Morristown, Pa., June 23.—Professor C. H. Albert, of the Bloomsburg Normal School, caused somewhat a sensation in his adddress to the graduates of the Plymouth High School when he said:

"I would not, knowingly, permit my sons and daughters to attend a school wherein the teacher gave his or her energy to the chewing of a cud, as I detest the tobacco habit of men, and the chewing-gum habit of women."

Professor Albert said that the chewing-gum habit in a teacher is the first step in the calendar of vice which serves to shatter the high ideal toward the accomplishing of which a mother may have prompted her child in its infancy.

Insults to Ladies.

Wilmington, N. C., June 23.—A well-known young white man of this city, John Toler, and one of prominent family, was sent to jail for ninety days here yesterday, on account of vile insults which Toler, half drunk, had offered two lady bathers, both strangers at Wrightsville Beach, near this city. When the affair became known, indignation ran high in Wilmington, but, in the meantime, Toler had been arrested. At the trial today one of the prosecuting attorneys was loudly applauded when he virtually declared that Toler should have been killed. Without the option of a fine, Toler was sentenced to jail. So high did the feeling against him run, that Toler was unable to get a lawyer to defend him.

New Chinese Secret Society.

Berlin, June 23.—Official information regarding the growth of a new secret society called the Tsai-Li in China has been received by diplomats in Pekin, who are watching closely the emmissaries of the organization. The Tsai-Li has enrolled thousands of supporters, particularly in Shantung and the northern proviuces of China. The society has domestic and foreign policies. The first is against the present dynasty and in favor of a democratic form of government, the demands thereby acquiring the support of the masses. The latter policy is strongly anti-foreign. It demands the forcible expulsion of all missionaries and the suppression of foreigners who are seeking the promotion of foreign commerce with China.

Bookkeeper Commits Suicide.

Huntington, W. Va., June 23.—Eugene Patterson, aged 47, of New York, a bookkeeper for the Superior Supply Company, of Bluefield, committed suicide last evening by firing a bullet through his brain. An expert accountant had just examined his books, and announced a shortage. He turned and picked up a revolver and blew out his brains. Patterson was suspended a few days ago by the company, and his wife contemplated a trip to New York, her former home, last night. The remains will be taken to New York for burial.

Miners Rescued.

Scranton Pa. June 23.—One hundred and fifty miners are in the bottom lift of the Sibley Shaft in Old Forge, near this city, and the greatest fears are felt for their safety. The breaker is burned to the foundations. It took fire at 10:30 this forenoon. At one o'clock this afternoon the 150 miners were rescued.

New York Stock Market.

New York, June 23. 11 a. m.—Selling pressure was renewed on the stock market after the opening and prices for most of the active issues were forced down one to 2½ points. The incentive for the bear position was generally assumed to be the cabinet action directing the prosecution of the Standard Oil officials. The selling itself was small, and without significance, except as showing the temper of the room traders and outside speculative element. The best kind of buying was in the market as low levels were reached.

TELEGRAPHIC BREVITIES.

The inter-Collegiate regatta comes off at Poughkeepsie, N. Y., this evening.

Manager Hamilton of the Harrisburg, Pa., ball club of the Tri-State League, has resigned and his refignation has been accepted.

Once more agents of the government are in Chattanooga to secure information concerning the lynching of Ed. Johnson in March. Recently the Supreme Court cited seventeen alleged members of the mob to answer a charge of contempt. Inquiry has elicited that other agent working on the case followed wrong clews. Practically all of them have established alibis. The local grand jury devoted two days to an investigatson and reported yesterday that no indictments could be returned.

Mrs. Wilson Mizner, formerly Mrs. Charles T. Yerkes, who was operated on Thursday at her home in Chicago, for appendicitis, is dangerously ill.

Falls Church Bank.

At a meeting of those interested in the organization of a bank at Falls Church, held in the council room on Monday night, the following officers and directors were unanimously elected: Dr. George B. Fadeley, president; Dr. James B. Gould, vice-president; George W. Hawxhurst, secretary and treasurer. Directors: J. L. Davenport, George A. L. Merrifield, George B. Fadeley, J. B. Gould, George W. Hawxhurst, A. H. Barbor, W. M. Ellison, M. E. Church, and Miss Mattie Gundry. A charter was adopted and the capital stock fixed at $10,000 minimum, and $25,000 maximum. It was decided to issue only $20,000 stock at present, all of which has been subscribed for. It is expected the company will be ready for business by the first of July.—[Fairfax Herald.

Serious Charges.

Resolutions adopted at a session held at Stephens City, Frederick county, on Saturday, June 16th, of the first quarterly conference of the United Brethern Church, contain serious charges against "Reverend Doctor" W. E. Shinn, who styles himself an evangelist and who has been operating extensively in Frederick and adjoining counties and in the Shenandoah Valley. Dr. Shinn is charged with being an imposter and with dishonesty and untruthfulness. He is also charged with having misused money given him to pay his and his wife's board bill. Other charges brought against him are that he is an intemperate user of cocaine and that he has charged his own wife with gross immorality.

Fifty-ninth Congress.

Washington, June 23.

SENATE.

Packing house conditions were discussed in the Senate today. The matter came up upon the renewal of the motion by Senator Proctor, that the agricultural appropriation bill, with its accompanying beef inspection provision, be sent to conference, as asked for by the House. It has been lying on the Vice President's desk for several days.

Mr. Long offered a resolution, calling upon the Department of Justice for a statement of all prosecutions under the Sherman anti-trust law.

It was amended upon request of Mr. Foraker, to also include a list of the prosecutions under the Elkin rebate law.

HOUSE.

The House, today, by a unanimous vote, unseated Ernest E. Wood, democrat, representing a St. Louis district and gave his seat to Harry M. Coudrey, the republican contestant.

St. Louis election frauds played a conspicuous part in bringing about a unanimous report against Wood, who represented what remained of the Boss Butler power in St. Louis politics.

Mr. Coudrey was immediately presented by Representative Bartholdt, and sworn in as a member of the House.

After adopting the conference report on the postoffice appropriation bill, the Osage Indian allotment bill and disposing of some minor matters the House, i ncommittee of the whole, resumed consideration of the pure food bill.

After a spirited fight, the House, today, by a vote of 112 to 45, adopted an amendment to the pure food bill, by Mr. Sherman, providing that it shall not be obligatory upon canneas to state on the labels, the weight and measure in each can, but that if such statement does appear, it must be a truthful one.

The Sherman amendment received the support of the canning industries of the country.

Rosa Moore in Jail.

Rosa Moore, who was arrested here last Monday on her houseboat near Jones's point by United States officials, who charged her with receiving stolen goods, was given a hearing yesterday afternoon before United States Commissioner Bond in Baltimore, and held for the action of the grand jury. Her bail was fixed at $1,000, and being unable to give property in Baltimore, as desired by United States District Attorney Rose, she was committed to jail. The witnesses for the prosecution were Policeman Herbert C. Knight, of this city, Sergeant William Daly, a quartermaster at Fort Hunt, and Private John Rogers, of the post artillery, Fort Hunt. Captain Davis, of Fort Hunt, was present, but did not testify. Policeman Knight identified the old shoes and the fork and baskets that were taken from the houseboat. Quartermaster Daly identified the shoes as having a government stamp, but could not positively identify the two blankets. Attorney Harry S. Wolf appeared for Rosie Moore. She testified that upon the death of her husband she took up houseboating to make a living. She said that the old shoes were left on the boat by a man who had been working for her, and that the messfork was found on the boat when she took possession of it. She denied buying a blanket from Private Rogers, and declared that the two in her possession had been purchased second-hand. She stated that Private Rogers had come to the ark intoxicated and that she had trouble with him. When asked why she was selling whisky without a state's license she said that a license was not required because she was on the water.

Wedding at Haymarket.

Miss Esther May Rust, daughter of Capt. John R. and Mrs. Nannie A. Rust, of Wayside, near Haymarket, who a few years ago moved from the Valley of Virginia, was married on the afternoon of the 12th of June, at 5:30 o'clock, to Mr. Charles James Gilliss, of Washington, son of the late Col. James Gilliss, U. S. army and grandson of Commodore Gilliss, U. S. navy. The ceremony was solemnized at St. Paul's Church, Haymarket, which was tastefully decorated with evergreens, potted plants and cut flowers. The Rev. C. W. S. Hollis, of the Presbyterian Church, the bride's pastor, officiated, assisted by Rev. W. W. Gillis, brother of the groom, and Rev. Cary Gamble, rector of St. Paul's. The bride was gowned in white crepe de chie en princesse, her veil being caught up by orange blossoms and she carried in her hand a bunch of bride's roses. Her maid of honor, Miss Florence S. Gilliss, sister of the groom, was attired in white point de sprit, and carried sweet peas. The groom's best man was Mr. Robert A. Rust, brother of the bride. Mr. Walter Gilliss, of New York, Mr. John Rust, of Fairfax and Messrs. Walter B. and Hugh T. Clarkson, of Washington city were the ushers. Miss Hallie Meade presided at the organ and rendered the wedding marches from Mendelssohn and Lohengrin. The newly-wedded pair drove to Manassas and there took the train for Philadelphia and Cape May, and on their return they will reside at Beaumont, the recently built country home of the groom. The wedding presents were numerous and costly.—[Manassas Journal.

Wreck of a Bark.

The Italian bark Antonio, which went ashore on Cape Henry, a hundred yards below the life-saving station about two months ago and was lost, is lying on the beach, an object of curiosity to visitors to the cape and Virginia Beach. The vessel is cut in the breakers, with her hull entirely demolished, but all three of her masts are standing, the foremast being intact with all its spars, but on the other two the topmasts are missing. The hull of the vessel is in halves, and, it is stated, portions of her planking come ashore after every blow. The Antonio was coming from the Rio de la Plata in South America with a cargo of bones for the Bryant Fertilizer Company at this place, and was lost just as she was about to end her long voyage and enter Chesapeake bay.

Luna Park.

Luna Park was thronged yesterday and until a late hour last night. Thousand, Alexandrians and Washingtonians, mingled and enjoyed all the amusement features of the resort. The music was especially fine. It has been truly said that Luna Park is a reproduction of Coney Island on a smaller scale. New features will be occasionally added to the former and there is reason to believe that it will eventually rival any other pleasure resort in the country. So far as the accommodations for Washington patrons are concerned they are nearly perfect, but the same cannot be said of those provided for Alexandrians. In the first place, there are no schedules published in newspapers of the departure of trains from this city or the park, and the uncertainty of the movements of trains is a source of complaint. After people have passed several hours of enjoyment at the resort the getting home feature is calculated to rob the trip of much of its pleasure. As has heretofore been stated, there is no shelter for passengers at Four-mile run, and the south bound trains are generally behind time in consequence of the demands by Washingtonians for transportation to and from the park. So it often occurs that Alexandrians are compelled to stand for half an hour or more in the open air and sometimes in rain waiting for cars to take them home. Many people from this city visit the park and their comfort should be looked after.

Fire at B. & O. Depot.

The alarm of fire between ten and eleven o'clock this morning was caused by the discovery of a blaze in a merchandise car on the track east of the Baltimore and Ohio Railroad depot, on Union street, near Wolfe. The steam fire engines were soon on the scene, but the Relief Truck did not respond from the fact that no horses are at the house of that company, the old animals having been sold and others have not been procured. The fire burned stubbornly for a time and caused some apprehension, it being said that an adjoining car contained fireworks. The car in which the fire originated was loaded with cotton waste, furniture, etc., and the firemen had difficulty in removed the articles. The fire was finally placed under control. The loss could not be estimated.

Complimentary Excursion.

The Norfolk and Washington Steamboat Company gave a complimentary excursion to numbers of Alexandrians and Washingtonians today. The new steamer Jamestown was used for the occasion. The steamer left Washington shortly after 2:30 o'clock p.m. and arrived at the Prince street dock of the company about 30 minutes later. The Alexandrians were taken aboard, after which the Jamestown proceeded down the river. The excursionists are being royally entertained by the officers of the company. The party will return late this evening.

Bicycle Thieves.

Eight bicycles were stolen yesterday morning on Pennsylvania avenue Washington. At 2 o'clock six were recovered and the alleged thieves were locked up in the station house in this city. The three men arrested and charged with larceny are Allen Bell, Eugene Parker and James Diggs. All are colored, and live in the southwestern section of the city. Parker and Bell were last night turned over to the Washington officers who came here and took the men back with them.

Suspects Dismissed.

A colored man, supposed to be Al. Carter, who is wanted at Ellicott City, Md., to answer a charge of murder, arrested in this city several days ago, was dismissed, as he failed to answer the description of the murderer.

Charles Roberts, George Johnson and Jos. Buckley, the three youths suspected of robbing Jas. F. Carlin's Sons' & Co's hardware store about a week ago, were dismissed.

Fell from a Train.

A lady living on south Fairfax street fell from an electric railway train at the corner of Prince and Fairfax streets last night and was painfully injured. The train it is alleged, had stopped, but when the lady attempted to alight it started. She was thrown violently on the brick pavement by the accident. She was taken to her home where she was attended by Dr. O'Brien.

Which is It?

When the General Assembly passed in the session 1893-94 the act authorizing Board of Police Commissioners for the city of Alexandria, it was provided that the board should elect a captain, lieutenant and policemen. This act is found in section 37 of the city charter, and when it was amended by an act approved February 27, 1896, the word "chief" was substituted for that of captain in several places where it appeared in the act approved February 26, 1894.

It is stated that the only amendment made to that part of the charter relating to the police force was to section 37, and now reads as follows:

Upon the organization of the Board of Police Commissioners, they shall select from the electors of the city of Alexandria a chief and lieutenant of police, whose duty, pay, and bonds shall be such as may be ordained by the City Council. Their warrants of appointment, signed by a majority of the board, must be filed with the auditor of the city of Alexandria. The board shall further elect such number of policemen as may be authorized by the City Council. After the police force has been so constituted, any vacancy therein shall be filled by the board in like manner. Such chief, lieutenant and policemen shall constitute the police force of the city, and shall hold their respective positions during good behavior, or until they may be severally removed by the said board for cause, after such investigation as the board may deem necessary. The mayor of the city of Alexandria shall have the power and authority to suspend the chief, lieutenant or any policeman for misconduct in office for a period not to exceed thirty days, or until such board shall convene and take action in the matter. The said board shall perform any other duties connected with the police department which the City Council may delegate to it, and each member of the board shall be clothed with all the powers of a conservator of the peace under the laws of this State.

From this one is authorized to call the head of the police force chief, but if section 39 of the charter has not been amended, or changed by the constitution, he is also something else, for section 39 says:

The uniform, rules and regulations of the said police force shall be prescribed by said board and the pay of said captain, lieutenant and policemen shall be fixed and prescribed by the City Council.

Now it is either Captain Goods or Chief Goods. Which is it? When he is selected it is chief under section 37, for that is the title. When his uniform is prescribed as well as his duties by the police board, and his pay by the City Council it is only captain, at least it so appears, under section 39.

Heptasophs.

A largely attended and very interesting meeting of Alexandria Conclave, No. 974, Improved Order of Heptasophs, was held in Conclave Hall, Alexandria National Bank building, last evening. One candidate was initiated by the degree team of Potomac Conclave, of Washington, and three applications for membership were received. First District Deputy Wilber Perry, who has just returned from Panama, gave a very interesting talk of conditions in general on the isthmus. Supreme Secretary Samuel H. Tattersall, of Baltimore, gave a history of the order from its beginning in 1878 to the present time, and the wonderful strides the order has made both financially and numerically. This order, being in existance less than 28 years, is looked upon by other insurance organizations as the conservative beneficial and fraternal organization of the United States. Alexandria conclave now consists of 36 members.

FINANCIAL

To Save Some Portion of Your Earnings Each Week.

DECIDE on a definite plan and then persist on carrying it into effect. Every man and woman must DECIDE what he or she needs individually. With many the lack of will power is the great curse—procrastination, self-indulgence. With others it is easy good nature, extravagance. With others various habits that mean anything and everything but success. We believe we are giving you the best possible advice when we most earnestly advise you TO SAVE MONEY, for only money saved and accumulated can mean permanent safety for the weak. The progress of men as individuals and as a race has come from MENTAL EFFORTS, from resolutions, from trying to do what they knew they ought to do. Have the strength of character to save. Get your money little by little, but steadily, deny yourself, economize, and as you save deposit it in our SAVINGS DEPARTMENT where it will earn 3 per cent. interest compounded. We solicit both small and large accounts. ONE DOLLAR will start you, so why not decide at once. BEGIN TODAY.

Chemicals in the Sausage.

An analysis of forty-nine samples of sausage, hamburg steak, weinerwurst, bologna, ham loaf, veal loaf, tripe and pig's foot jelly bought in the Indianapolis, Ind., market by H. E. Barnard, chemist of the State Board of Health, revealed that only sixteen of the samples come up to the legal requirements. The other thirty-three contained chemicals prohibited by law. The purchases were made from meat stock found on the market stand. One sample of hamburg steak and one of bulk sausage contained borax. The most frequently used preservatives, as discovered in the samples, was sodium sulphite, used to give a fresh red color to meat. To Mr. Barnard several dealers admitted using preservatives on their meats. Mr. Barnard had made previous trips of a similar kind and dealers had promised him to stop using preservatives. The last tour was made in order to learn if his instructions had been followed.

Took Stitches in His Heart.

Three stitches were put in the heart of Anthony Savage, 23 years old, by Dr. Blaisdell, surgeon in charge at the Eastern District Hospital, Brooklyn, yesterday. The operation, which physicians believe will save the life of Savage, took 1 hour and 15 minutes, and during the whole of that time the left lung and heart were exposed to the view of the physicians, who watched the delicate organs perform their functions. Savage was stabbed 15 times during a fight a week ago. Yesterday he collapsed, and Dr. Blaisdell decided he was suffering from internal hemorrages. He decided an operation was the only thing that would be of any use. He found the pleural cavity filled with blood and the auriele punctured. The blood was drained and the wound in the auriele sewed up. Savage rallied after the operation, and it is believed that he will recover.

You cannot induce a lower animal to et heartily when not feeling well. A sick dog starves himself, and gets well. The stomach, once overworked, must have rest the same as your feet or eyes. You don't have to starve to rest your stomach. KODOL FOR DYSPEPSIA takes up the work for your stomach, digests what you eat and gives it a rest. Puts it back in condition again. You can't feel good with disordered stomach. Try Kodol. Sold by W. F. Creighton & Co., 401 King street.

Danger in Telephones.

A warning was issued Thursday by B. F. Gobrich, a Chicago baeteriologist, in regard to the danger from bacilli in the mouthpieces of telephones, particularly in public places. Influenza, pneumonia, diphtheria and tuberculosis, according to Mr. Gobrich, lurk in the instruments. Tests were made by him on coatings from the mouth pieces of 75 different telephones and a large number of species of bacteria were found. One telephone contained contained many tuberculosis germs. Mr. Gobrich urges that the Health Depattment compel the telephone companies to equip their instruments with antiseptic devices, which would destroy all germs as they enter the transmitter.

Long Tennessee Fight.

For twenty years W. L. Rawls, of Bells, Tenn., fought nasal catarrh. He writes; "The swelling and soreness inside my nose was fearful, till I began applying Bucklen's Arnica Salve to the sore surface; this caused the soreness and swelling to disappear, never to return." Notice to City Tax Payers.

Collector's Office, June 16, 1906.

Notice is hereby given that the tax-bills for 1906, are now in the hands of the collector. The attention of parties interested is respectfully called to the following extract from the revenue bill of this year:

"Upon all bills paid in full by the 1st day of July, 1906, the collector of taxes shall allow a discount of ten per cent., and on all bills paid by the 1st of September, 1906, he shall allow a discount of five per cent, and on all bills not paid by the first day of December, 1906, there shall be assessed and collected a penalty of five per cent upon the amount of said bills, and on all bills remaining unpaid on the 1st day of June, 1907, damages at the rate of six per centum per annum shall be paid."

Tax payers would do well to call and pay at once in order to avoid the rush and crowd usually present on the last days in which the discount is allowed.

Bring a list to make sure you get bills for all your property, as the collector will not be responsible or allow the discount after the time fixed by law.

P. F GORMAN,
Collector of Taxes.

TO THE OWNERS OF DOGS!

MAYOR'S OFFICE,
Alexandria, Va., June 8, 1906.

All persons owning or intending to keep any animal of the Dog or Canine species should come forward on or before

JUNE TWENTY-FIFTH, 1906,

and take out a license for the same from the Auditor. After the 30th of June all persons owning or harboring Dogs without the required license are subject to a fine as the laws on the subject require of $3 or $5.

Complaint has been frequently made that many persons fail to take out their license, and that others pay on one or two Dogs when owning and harboring more, or who send such Dogs away during the summer months and bring them back in the fall.

Attention has been called to this evasion of the law, and policemen will report all such cases, and fines can be imposed upon those who fail to take out licenses after trial in the Police Court.

The police officers will be required to report all violations of this law.

☞In order to avoid any mistakes persons who make application for licenses would do well to write their names and number of residence, street, etc., on a card or paper when making application for their licenses to the Auditor.

FRED. J. PAFF, Mayor.

The following is a copy of Section 54 of the license law. "On every dog, regardless of sex, one dollar and fifty cents."

VIRGINIA.—In the Clerk's Office of the Corporation Court of Alexandria, on the 21st day of June, 1906.

City Council of Alexandria, which sues, &c., vs. Susan C. Barker, Ella Eugenia Barker, Ada H. Gassoway and William Gassoway, her husband, and the unknown heirs of George Kephart, deceased. In Chancery.

Memo. The object of this suit is to subject the following property in the city of Alexandria, Virginia: Beginning at a point on the north side of Princess street 75 feet east of Water street and running thence east on Princess street 25 feet; thence north parallel with Water (now Lee) street 88 feet; thence west parallel with Princess street 25 feet, and thence south in a straight line 88 feet to the place of beginning, being the same property conveyed to Kephart and Ulam W. Barker by Joseph Cawood by deed bearing date February 1st, 1856, and recorded February 2nd, 1856, in deed book R, No. 3, page 268, to the payment of the lien of the City Council of Alexandria thereon for taxes, and all other liens.

It appearing by an affidavit filed in this cause that the defendants, Susan C. Barker, Ella Eugenia Barker, Ada H. Gassoway and William Gassoway, her husband, are non-residents of this State, and that the names of the heirs of Geo. Kephart, deceased, are unknown: It is Ordered, That said defendants appear here within fifteen days after due publication of this order, and do what is necessary to protect their interests in this suit, and that a copy of this order be forthwith inserted in the Alexandria Gazette, a newspaper published in the city of Alexandria, once a week for four successive weeks, and posted at the front door of the Court House in this city.

NOTICE.—An agreement have been entered into on the 30th day of April, 1906, by and between the heirs and distributees of the late Taylor W. Blunt, of Fairfax county, Virginia, whereby Henry H. Blunt and Charles T. Blunt were appointed trustees to collect any and all moneys due the estate of the said Taylor Blunt, to dispose of the property, real and personal, of the said Taylor W. Blunt, and to pass title to the same; to collect the proceeds of the sale of said property, and to settle the just indebtedness of the said Taylor W. Blunt.

Now, therefore, this is to notify the public that all persons who owe money to said Taylor W. Blunt or his estate must pay the same to the said trustees, and all persons having valid and just claims against said Taylor W. Blunt to present the same to said trustees for settlement, the same to be properly verified, and that the said trustees will sell privately any and all of the said property of said Taylor W. Blunt up to and prior to 19TH DAY OF JULY, 1906, and that on the said day they will expose to public sale all of the property, real and personal, of said Taylor W. Blunt then undisposed of, and, if all of said property is not disposed of on that day the remaining property will be sold on the days following until sold in toto. The property and estate of said Taylor W. Blunt consists of a farm of about 200 acres, lying near Gum Spring, Mt. Vernon magisterial district, Fairfax county, Va.; 2 head of horses, several head of cattle, 54 head of sheep and lambs, 33 head of hogs, a lot of fowls, farming implements and utensils, farming machinery, household furniture and goods and sundry articles of personal property, lumber, posts, field of standing grass, field of standing wheat, lot of hay, lot of corn, and numerous other articles used on a large well-managed farm.

The said farm is well fenced and watered and is near the Washington Alexandria & Mt. Vernon Electric Railway. Terms made known on day of sale.
